Vet Sync Solutions is a “Service-Disabled Veteran Owned Small Business” (SDVOSB), whose main objective is to provide both public and private sectors the things they need to improve their businesses. We achieve this objective by providing cost effective and resourceful solutions to meet the needs of our military personnel, veterans and active-duty members. With a detail-oriented focus and a pledge to responsiveness, our diverse team can offer a wide range of services, from medical, to construction to military and information technology. We promise to be mindful of your needs and execute with the highest level of customer service, from logistics to fulfillment. Vet Sync’s goal is 100% client satisfaction that establishes long lasting, trusting, work-based partnerships.
